

Perspectives of the COVID-19 Pandemic: Epidemiology, Prevention, and Control

The Inaugural APRU Crisis Management Webinar

Wednesday, September 30th, 10:00AM-12:00 PM, **Sydney**

Wednesday, September 30th, 8:00AM-10:00AM, **Singapore and Beijing**

Tuesday, September 29th 5:00-7:00 PM, **Los Angeles**

With collaboration with four APRU universities (University of California Los Angeles, University of Sydney, National University of Singapore, and Peking University), this Inaugural APRU Crisis Management Webinar, led by UCLA Fielding School of Public Health will focus on the Perspectives of the COVID-19 Pandemic: Epidemiology, Prevention and Control in Pacific Rim Region. China, Singapore, Australia and United States have different patterns of COVID-19 in incidence and mortality. This webinar will compare and contrast the epidemiological patterns and intervention strategies (risk communication, face masking, social distance, personal hygiene, stay home order, tracing and isolation, etc) among 4 countries in Pacific Rim Region, will summarize experience and lessons learned during the COVID-19 prevention and control, and will identify potential challenges, solutions, and opportunities for control of COVID-19 pandemic.

Co-Moderators:

Ron Brookmeyer, PhD, Dean, Fielding School of Public Health
University of California, Los Angeles

Zuo-Feng Zhang, MD, PhD, Associate Dean for Research, Fielding School of Public Health
